We were fortunate that we had Charlie as our teacher because he motivated us in a special way. Charlie reminded us that we have a strong voice we should use.  
Hannah

Charlie pushed our self-confidence by praising us for everything we did. [Creating a play in less than 3 hours] was only possible because of Charlie, who motivated us right from the beginning. His positive attitude gave us the strength to create a play everyone marveled at.  
Johanna

Everytime I get nervous or feel insecure, I think of Charlie.  
Hanna

We learned to be more self-confident, considerate and patient. Working with [Charlie] made us overcome our fears and limitations.

We learned a lot for ourselves and the play at the end was an outstanding success!  
Linda

Charlie was a great teacher and also his friendly and funny way to talk to us was gorgeous. I learnt a lot from him and I am very thankful that he opened our eyes for what we are able to reach, only if we believe in ourselves. With this slogan everybody of us can overcome personal or organizational limitations or challenges in our life. All in all - thank u Charlie - in fact it was LOVELY! :-)
